## **PRESIDENTIAL POOLS & SPAS LAUNCHES COMMERCIAL POOL DIVISION**

Presidential Pools & Spas, one of the top pool companies in Arizona, has announced the opening of its new commercial pool division, which offers full-service, custom, energy-efficient swimming pool design, engineering, building and remodeling services statewide.

The new division is headed by Edward Fletcher, who has more than 30 years of experience on commercial pool projects including work on some of the biggest waterparks and hotel and resort swimming areas in Arizona.

“Since 1991, Presidential Pools has been committed to helping Arizona homeowners construct pools and swimming areas to fit both their backyards and their lifestyles,” said Tim Murphy, president of Presidential Pools. “With the launch of this commercial division, we can now help create and re-imagine larger scale projects such as hotel and resort waterparks, aquatic centers, apartment and condo swimming areas and everything in between.”

The commercial division’s initial projects will include the creation and/or remodeling of several YMCA aquatic facilities statewide.
