DR. LESLEY MENG NAMED ONE OF THE TOP ONCOLOGISTS IN AMERICA

Desert Springs Cancer Care Center, the first medical oncology practice located north of Loop 101 in Scottsdale and first green-built facility in Arizona, is pleased to announce co-owner Dr. Lesley Meng has been named one of the top oncologists in America for 2009 by the Consumer's Research Council of America. Meng was recently also named a Distinguished Master as well as a Fellow by the American College of Cancer Specialists and awarded with Patients' Choice Award by Castle Connolly Medical Ltd.

Meng and her partner, Dr. Andrew Buresh, opened Desert Springs Cancer Care Center in late 2009 focused on patient service and comfort. The 5,000 square-foot outpatient clinic's traditional patient services include: medical oncology and hematology consultation; chemotherapy infusion; growth factor injections; and on-site pharmacy and laboratory. The practice also offers lymphedema therapy, organic manicures and pedicures, classes on patient nutrition and skin care, yoga, on-site wig and prosthetic services and a boutique with vitamins, jewelry, fashion, make-up and more.

In addition to a patient service-focused philosophy, the facility includes several sustainable properties including automatic lighting and CFLs, tinted and shaded windows, low water usage plumbing and 100% copper piping, low odor/zero VOC paint and more, making it the first green facility in Arizona.

"We feel the practice should be a warm and welcoming place where patients are made comfortable in a caring environment while not being subjected to any additional

chemicals that exist in some non-green buildings,” said Meng. “Our goal is simply – to treat patients the same way we would want one of our family members to be treated.”

Desert Springs Cancer Care Center is located on the northeast corner of Scottsdale and Deer Valley Roads. The address is 21803 N Scottsdale Road in Scottsdale, and the clinic is open from 7 a.m. to 7 p.m. seven days a week. Desert Springs Cancer Care Center accepts most forms of insurance.
